

Student Conference Presentation Grants

The Duke Global Health Institute (DGHI) has established the DGHI Student Grants to encourage intellectual engagement, and domestic and international research and service. These grants are available to undergraduate, graduate and professional school students.

The Conference Presentation Grants may be used for travel to conferences or scholarly meetings at which a student is *giving an oral presentation*, either as part of a panel or an individual presentation. In some cases, these grants may be distributed after the travel has occurred.
