External support - gifts, grants, and contracts:

1. Research Support

Research: Present—Currently Active

Project Number:	K01 MH118072-01
Status on Grant:	Principal Investigator
Approved Project Period	05/01/2019-04/30/2024
% Effort:	75%
PI:	Marta Mulawa
Source:	National Institute of Mental Health (NIMH)
Annual Direct Costs:	\$152,107
Title of Project:	<i>Developing an mHealth Intervention that Leverages Social Networks to Improve ART Adherence among HIV-Infected Adolescents in South Africa</i>
Project Goal:	This Mentored Research Scientist Development Award is designed to provide Dr. Mulawa with the training and mentorship to become an independent researcher. The objective of the proposed research is to identify social network-level factors associated with adherence to antiretroviral therapy (ART) among perinatally HIV-infected adolescents in Cape Town, South Africa, and to use this information to develop and pilot test a mobile health (mHealth) intervention to promote ART adherence by engaging the social networks of this population.
