## **DGHI Grants and Contracts Administrator (G&C Admin) responsibilities**

This document refers only to DGHI grants under our Budget and Financial Report (BFR) structure. Any grants with our affiliate center, CHIPIR, will be supported by their grant and contracts support team.

### **Pre-award**

- Identifies and reviews specific sponsor related materials for the proposal submission process (i.e. forms, electronic submissions, sponsor templates or other information from the solicitation).
- Meets with PI at the beginning of the proposal development process to discuss roles and responsibilities and deadlines required by DGHI, Duke, and the Sponsor.
  - Works with PI to develop and manage the proposal timeline.
  - The standard DGHI checklist is reviewed against the specific RFA and is changed to reflect any specific pieces for submission for the RFA.
  - Includes discussing items to be completed and dates associated with appropriate deadlines, specifying the necessary materials and who is responsible for the completion of each component.
- When meeting with the PI, shares templates or examples of forms so PI understands what the forms look like (e.g. DPAF, FCOI).
  - Shares a budget template in Excel with the PI so PI can draft the proposal budget.
- Per the checklist split of responsibilities, assists PI in preparing grant applications, including the use of the appropriate forms, developing a budget and budget justification, uploading biosketches, other support, and facilities & resources) etc., for consistency, accuracy, and completeness in compliance with sponsor and university guidelines and deadlines.
  - G&C Admin will work with the PI to gather the Other Support information; the final OS document is verified by the PI. For ORA, all other support documents must be certified by ORA central office.
- Provides PI with guidance and appropriate documents to manage sub-agreements as well as deadlines for submitting required documents. Examples of SOW, budget, FCOI can be provided.
- If needed, registers Duke University as an institution in the funder's electronic submission system as required in the RFA (e.g. for non-NIH grants).
- Obtains appropriate salary information for Duke personnel via SPOC process.
- Helps determine salaries for TBD positions.
- For ORS, obtains Duke collaborating unit(s) signatures on ORS cost-share form.
- Processes and thoroughly reviews sponsored projects through SPS to ORA/ORS to ensure compliance with University procedures and departmental and institutional signatures.
- Monitors compliance with agency and University regulations regarding submission; verifies all financial information to include application of the appropriate overhead rate for the project.
- Submitted materials are available to be viewed by PI at grants.duke.

## **DGHI G&C Admin responsibilities**

### **Post-award**

- Sets up new accounts, revises budgets, reviews invoices and collects amounts due from funding agencies and performs compliance reviews.
- Approves and manages expenditures for grants submitted by PI. Monitors compliance with agency and University regulations.
- Monitors reconciliation and analyzes monthly financial statements. Works with Business Office or SPOC of Duke collaborators to ensure correct salary distribution.
- Submits monthly expense reports to the PIs, providing analysis and advice on spending patterns and alerts to cost overruns.
- Assists investigators in processing financials portions of "just-in-time" information, progress reports, and final reports to sponsoring agencies.
- Interprets information received from funding agencies and distributes to appropriate investigators.
- Ensures proper recording of revenue associated with all awards. Establishes sub-agreement financial and reporting requirements; coordinates issuance of sub-agreements with ORA and ORS.
- Prepares and submits requests for cost accounting standards (CAS) re-budgeting/modifications, no-cost extensions for the funded project budget.
- Provide grant information and coordinates with owning department to prepare summer salary distribution (see Resources).
- For Progress Reports, G&C Admin uploads budget through ORS/ORA and PI uploads report text and answers questions in RPPR, then routes to NIH.
- Reconciles and closes all accounts and sub-agreements and obtains all sponsor-required reports. Works with assigned staff in the Office of Sponsored Programs to closeout all funded projects consistent with university process and timelines.
- Enters DGHI grant or contract into DGHI database for tracking.
- DGHI can accept in advance, review and approve invoices from sub-agreements and remit to the central office for payment with PI approval.

## **DGHI Principal Investigator responsibilities**

(Investigators can delegate to research team as appropriate)

### **Pre-award**

- The PI takes on the primary leadership role for a sponsored research project.
- Reviews and follows the RFA, FOA or proposal instructions. Checks deadlines, confirming date & time (local) for submission.
- PI meets with his/her assigned G&C Admin as soon as the decision to submit a proposal has been made and outlines the work Checklist and timeline.
- Prepares grant applications, (using appropriate forms), including:
  - Develops a budget and budget justification,
  - Uploads biosketches or gives biosketches G&C Admin to upload, depending on the specific guidelines in the funding announcement and as noted in the Checklist,
  - Assists with preparation of and verifies Other Support document,
  - Prepares facilities & resources documents, (example of DGHI Facilities & Resources is available), and
  - Prepares any other items discussed on the DGHI checklist.
- PI signs the Duke Proposal Approval Form (DPAF) provided by the G&C Admin.
- Completes required RCC annual training, COI and CITI trainings, and any other Duke required trainings.
- Identifies the need for sub-agreement. As guided by the G&C Admin collects and submits appropriate documents from identified sub-agreements or consultants to the G&C Admin to upload by required deadlines.
- Prepares own biosketch (including relevant personal statement) for required applications e.g. for United States federal funders.
- Collects biosketches from key personnel.
- Collects Letters of Support and/or Collaboration. Please reference RFA for specific guidelines; examples are available (See Resources).
- Prepares draft budget and budget justification. (Examples are available – see Resources; Budget template in excel is available from the G&C Admin.)
- Selects the appropriate facilities and administrative or indirect cost rate from the negotiated rates, under guidance from the assigned G&C Admin.
- Makes a Facilities & Administrative cost (i.e. Indirect Cost) request waiver, as necessary. (Examples available; See Resources).
- Requests matching funds or identifies in-kind contributions from appropriate sources, when necessary.
- Proposes cost sharing through contributed effort or other approved mechanisms and obtains approvals, as necessary. Discuss with the G&C Admin and see Resources for ORA information. For ORS, G&C Admin obtains Duke collaborating unit(s) signatures for cost share form.
- Prepares the appropriate forms (either at proposal submission time or “Just In Time” in accordance with sponsor requirements) for the IRB, IACUC, the Radiation Safety Office, Export Controls as necessary.

## DGHI -- Life Cycle of the Award

- Determines any changes in scope of work, budget and/or effort according to sponsor guidelines.
- Meets ORS/ORR submissions deadlines; requests waivers from John Bartlett when needed.
- Responsible for final grant submission by required deadline.
  - Includes compiling scientific components of the application (items not provided on DGHI proposal checklist as completed by G&C Admin),
  - For NIH grants, the PI uploads grant application to grants.duke and/or grants.gov, and
  - Grant submission for non-NIH grants should be made as required by Funder. (electronic, mail, etc.).
- Reviews status of application and other notifications through grants.gov.
- Leads contact with sponsor's program officer (written communication – email or mail, as well as telephone).
- Maintains eRA commons profile information. (Application for eRA commons the first time needs to be done by DGHI G&C Admin, but all changes to an existing account must be done by account holder.)

## **DGHI Principal Investigator responsibilities**

### **Post Award:**

- Reviews the Notice of Award (NOA).
- Determines any changes in scope of work, budget and/or effort according to sponsor guidelines.
- Reviews and approves all federal sponsored Cost Accounting Systems (CAS) through Duke's electronic system.
- Requests prior approvals to appropriate program officer, grant management officer.
- In consultation with the G&C Admin, ensures compliance with all applicable financial and administrative regulations and Duke University policies and procedures.
- Establishes and keeps current Research Support Services Agreements (RSSAs) with vendors/consultants to perform work related to the grant. Works directly with assigned G&C Admin to initiate requests and collect appropriate documents to be processed by finance team.
- Initiates and proposes resolution of any cost overruns.
- Approves all financial reports and re-budgets.
- Completes all technical proposal/reports required by the sponsor by the required deadlines.
- Reviews and approves financial and technical reports for award close-out.
- Is in appropriate contact with the sub-recipients regularly through the life cycle of the project to ensure that the programmatic and financial management are conducted appropriately and in a financially responsible manner. Approves sub-agreement invoices and ensures appropriate spending level (e.g. "burn rate").
- Prepares progress reports according to sponsor guidelines and provides a copy of the final progress report to assigned G&C Admin.
- For Progress Reports, G&C Admin uploads budget through ORS/ORR and PI uploads report text and answers questions in RPPR, then routes to NIH.
- Leads contact with sponsor's program officer (written communication – email or mail, as well as telephone).
- Validates own effort certification annually (September) via Duke's Effort Certification and Reporting Technology (ECRT) on the Duke@Work site. As needed, certifies annual effort of staff and trainees that no longer work at Duke. (Every quarter ECRT sends out effort for review only, no action is needed until September).

<b>Duke ORA Grants, Contracts and Compliance</b>	<p><a href="http://research.som.duke.edu/">http://research.som.duke.edu/</a></p> <p>This website provides guidance and information for faculty and G&amp;C administrators to use as a reference for all of their grant and contract needs.</p>
<b>ORA Late Waiver Memo</b>	<p><a href="http://research.som.duke.edu/sites/research.som.duke.edu/files/documents">http://research.som.duke.edu/sites/research.som.duke.edu/files/documents</a></p>
<b>Request for F&amp;A Waiver</b>	<p>An F&amp;A waiver request must receive written prior approval unless it is a published F&amp;A from the sponsor and/or prime funder.</p> <p>If an F&amp;A waiver is required, it must require prior approval from Department Chair or Center/Institute Director. Submit your request to your assigned grants &amp; contracts administrator and they will forward to the appropriate Management Center of Research (SOM/Provost) in order to be approved for submission. The Grants &amp; Contract Administrator would need to work with the PI to include title of project, SPS record#, sponsor, total direct costs and a brief description of project including location and future project plans. The PI must provide a reasonable justification in support of the request for waiver. Once approved, the Grants team will upload the documents into SPS records for ORA/ORS proposal submission.</p> <p>*Please note – proposal cannot be submitted unless F&amp;A waiver has prior approval.</p>
