Registration Guide for Global Health Majors and Minors
(last updated October 10, 2022)

This guide includes information relevant to course registration at Duke – specifically, registration for the Spring 2023 semester.

General Registration:
Students register for courses using the DukeHub system through the registrar’s office. More information and relevant links can be found here: https://registrar.duke.edu/registration/about-registration

Best efforts have been made to list current and correct courses in this guide, but this information can change. Please consult the class listings in DukeHub for the most current class information.

Registration Windows:
The registration window for undergraduate students opens on Wednesday, November 2 at 7:00 am. Please note that registration dates are dependent upon number of credits.

The drop/add period begins at 12:00am on Tuesday, November 15 and ends at 11:59pm on Wednesday, January 25. Students not registered for classes by Sunday, November 28, will be charged a $50.00 late registration fee. Additional important dates can be found on the Academic Calendar.

For registration questions, come talk with your advisor!
Request an appointment by contacting your advisor by email or using a booking calendar. Advisors are assigned based on the first letter of your last name:
A-L: Kate Sullivan | 919-613-5460 | kathryn.sullivan@duke.edu
M-Z: Emilee Kerr | 919-681-3599 | emilee.kerr@duke.edu

Core Courses

The following courses are core courses for the major. There are no prerequisites, but we recommend taking GLHLTH 101 before Ethics or Research Methods. **You must take Ethics before completing your Experiential Learning Activity (ELA).** Every student will take Fundamentals of Global Health, Global Health Research Methods, and an approved Ethics course.

GLHLTH 101, Fundamentals of Global Health
GLHLTH 210/ICS 397/PUBPOL 330/RIGHTS 330, Global Health Ethics
GLHLTH 371/PSY 309, Research Methods in Global Health

Foundation Courses

Undergraduate students are required to take three foundation courses from four different categories (one course from three of the four categories).

Arts & Humanities Courses

CULANTH 424-1/GLHLTH 321/ICS 424, Medical Anthropology
GLHLTH 220S/CULANTH 218S, Anthropology and Global Health
GLHLTH 345, Global Health as an Ethical Enterprise
HISTORY 369/SCISOC 369, History of Public Health in America
GLHLTH 390, Stories and Medicine
GLHLTH 302/ICS 295/RIGHTS 302, Global Narratives of Illness and Disability
HISTORY 203/GLHLTH 203, History of Global Health

Global Health Systems & Policies Courses

PUBPOL 165/SCISOC 165, Introduction to the United States Health Care System
GLHLTH 303, Global Health Systems
GLHLTH 306/PUBPOL 324, Global Health Policy
GLHLTH 570/PUBPOL 643, Global Health Policy and Policy Making
GLHLTH 383A, Global Health in Context: Sri Lanka
PUBPOL 290, Population, Health and Policy

Natural Sciences Courses

EVANTH 285/GLHLTH 304, Evolutionary Medicine and Human Health
BIOLOGY 154/ICS 103/GLHLTH 154, AIDS and Other Emerging Diseases
BIOLOGY 209D, Ecology for a Crowded Planet
BIOLOGY 209S-1, The Ecology of Human Health
**Social Sciences Courses**
GLHLTH 305, Global Health: Social Determinants  
GLHLTH 363/PSY 323S/CULANTH 323S, Fundamentals of Global Mental Health  
GLHLTH 215/GSF 220 Case Studies in Global Sexual and Reproductive Health  
GLHLTH 212/SOCIOL 212 Gender and Global Health  
PUBPOL 524s, Social Determinants of Health Disparities  
SOCIOL 361/GLHLTH 340 Social Determinants of US Health Disparities

**Statistics Course**
Undergraduate students are required to take one statistics course. It is recommended that the course be completed BEFORE students enroll in a Research Methods course.

Students can choose one course from among the following options:
- ANY course with a STA prefix
- BIOLOGY 304 Biological Data Analysis
- BME 244 Quantitative Physiology with Biostatistical Applications
- BME 208D Introduction to Econometrics
- MATH 230 Probability
- PSY 204L and 205L Introduction to Statistical Methods in Psychology
- SOCIOL 333 Quantitative Analysis

**Elective Courses**
Students are required to take a total of three (3) pre-approved elective courses to meet requirements of the Global Health program. Below are the Global Health options, including cross-listed courses, plus those courses which have already been preapproved as electives toward the major for this term. Courses listed as fulfilling Foundation requirements (above) may also count as electives.

An elective is defined as:
- Any course at the 200 level or above with a GLHLTH prefix or GLHLTH cross-listing
- A preapproved elective course

Please note:
- Only one global health independent study will count from among GLHLTH 391*, 392, 393*, 395(T) or 396(T): *DUS preapproval required
- Courses fulfilling the Core requirements may not be counted as electives.
- Courses may NOT double-count within the major.
- Preapproved study abroad courses may count as electives.

**Petitions:** If you wish to petition another course to count as an elective, complete this form. Courses must be approved prior to being taken.

**Approved GLHLTH Electives**
These courses, taught by DGHI faculty members or affiliates, are listed on the following pages. These courses
may be offered in the Fall, Spring or alternate years. Course descriptions may be found in the Undergraduate School Bulletin. To find which courses will be offered in a particular term, please consult [DukeHub](#).

Again, **courses listed as fulfilling Foundation requirements (above) may also count as electives.**

1This list is subject to change.
2Special topics courses (590, 690, 790, etc.) are only approved as the specific title listed

**AAAS 261D/SCISOC 258D/GLHLTH 258D/CULANTH 261D/BIO261D/RIGHTS 261D** Race, Genomics and Society
AAAS 312/PUBPOL 333/CULANTH 312 War and Public Health in Africa
AAAS 343/CULANTH 342/LATAMER 343/SOC 343 Migration and Human Trafficking
AMES 409S/ICS 404S/VMS 238S/AMI 215S Discourse of Disease
BIOLOGY 212L General Microbiology
BIOLOGY 262/ENVIRON 274 People, Plants and Pollution
BIOLOGY 263 Biological Responses to Climate Change
BIOLOGY 421/NEUROSCI 421S/PSY 477S Biology of Nervous System Diseases
BIOLOGY 452S Genes and Development
BME 230L/GLHLTH 230L Global Women’s Health Technologies
BME 462L Design for the Developing World
CEE 315 Engineering Sustainable Design and the Global Community
CLST/GLHLTH 238 Medicine and Human Flourishing
COMPSCI 260 Introduction to Computational Genomics
CULANTH 216s/Ethics 262s Global Migration and Ethics
CULANTH 267S/GLHLTH 267s Culture and Mental Health
CULANTH 271/ICS 203/GSF 217 Gender and Culture
CULANTH 309S/GLHLTH 320S Food and the Body
CULANTH 341/GLHLTH 353 Life and Death: Global Perspectives
CULANTH 395AS/GLHLTH 383AS/POLSCI 214AS Environment, Health and Development in China
DOCS 331/GLHLTH 331S Documenting US Women’s Health Post-Roe V. Wade
ECON 334/PUBPOL 331 Health Economics
ECON 335/GLHLTH 335 Economics of Global Health
EDUC 275s/GLHLTH 275s Complex Issues in United States Healthcare
ENVIRON 360 Environmental Chemistry and Toxicology
ENVIRON 501 Environmental Toxicology
ENVIRON 537 Environmental Health
ENVIRON 538/GLHLTH 538/PUBPOL 582 Global Environmental Health: Economics and Policy
EVAANTH 385D/GLHLTH315D Primate Disease Ecology and Global Health
FRENCH 325s/GLHLTH 325S Global Displacement: Voix Francophones
GSF 275/GLHLTH 225/ENVIRON 209 Food, Farming and Feminism
GSF 369s/ICS 208S Transnational Feminism
GSF 401/LIT 430/PUBPOL 315 Gender and the Law
GLHLTH 220S/CULANTH 218S Anthropology and Global Health
GLHLTH 310S/ETHICS 250S Governance and Healthcare
GLHLTH 362 Understanding the Causes and Spread of Human Disease: Global Health Epidemiology
GLHLTH 363 Fundamentals of Global Mental Health
GLHLTH 364s/PubPol 378s Research Seminar in Sexual and Gender Minority Health
GLHLTH 390s/ROMST 390s Pandemic Humanities
Students who would like to write a senior thesis and be eligible to graduate with distinction must go through an application process and be approved to write a thesis. If approved, students must:

- Have an overall GPA of 3.3 and a 3.5 GPA in core and foundations global health classes
- Complete one independent study in global health (GLHLTH 393)
- Write an original thesis of approximately 40 pages in length

Students can use GLHLTH 393 as an elective credit for the major. Writing a thesis does not relieve students of the global health Capstone course requirement (GLHLTH 499).

If students choose a topic which spans both of their majors, they are encouraged to write a double thesis in order to integrate both subject areas. The requirements of the co-major regarding Graduation with Distinction must also be followed, and students must decide to do a double thesis at the beginning of their project.
Students should first identify a faculty member willing to mentor them for a senior thesis in the spring of their junior year. The student and faculty member will agree upon the project structure and fill out an application for graduation with distinction. They must separately submit an independent study request for GLHTLH 393 for Fall 2023. Questions about graduation with distinction in global health should be directed to your advisor or Emilee Kerr.

Inter-Institutional Registration

Students may review other course offerings at Duke and local institutions, proposing courses for review and approval. A pre-approved list will not be provided. Students should collect and present the course description and syllabus, as well as a brief explanation of why the course should be approved. The petition form can be found here: http://bit.ly/DGHIcoursepetition

Check out the Duke policies for inter-institutional registration.

Necessary forms for inter-institutional registration can be found at the above link, too. Please look for information for “Duke Students Visiting Other Campuses.”

Course listings are here:
- NCSU - http://www.ncsu.edu/registrar/
- UNC Chapel Hill - http://registrar.unc.edu/Courses/index.htm
- Other institutions - http://registrar.duke.edu/special-registrations/interinstitutional-registration

The Global Health Minor

The Global Health minor consists of five courses:
- GLHLTH 101
- Global Health Ethics (same course choices as the major)
- Three Elective Courses

An elective is defined as:
- Any course at the 200 level or above with a GLHLTH prefix or GLHLTH cross-listing
- A preapproved elective course

Please note:
- Only one global health independent study will count from among GLHLTH 391*, 392, 393*, 395(T) or 396(T): *DUS preapproval required
- Courses may NOT double-count within the minor.
- Preapproved study abroad courses may count as electives
How To Get Your Questions Answered

For registration questions, come talk with your advisor!

Request an appointment by contacting your advisor by email or using a booking calendar. You do not need to be a declared major or minor to talk with an advisor. Advisors are assigned based on the first letter of your last name:

**A-L:** Kate Sullivan | kathryn.sullivan@duke.edu

**M-Z:** Emilee Kerr | emilee.kerr@duke.edu

Got a supersupersuper quick question? Email gh-education@duke.edu
